Professional Summary

Junior Software Developer with a Computer Programming Diploma from Algonquin College (2025). Skilled in Python, Java, JavaScript, SQL, and modern web development practices, with hands-on experience applying data structures, algorithms, and object-oriented programming in academic and personal projects. Fast learner with strong problem-solving abilities and proven adaptability from diverse professional experiences. Eager to contribute technical expertise and a collaborative mindset to a dynamic development team.

Technical Skills

- **Programming Languages:** Python, Java,
 - **Web Technologies:** HTML5, CSS3, JavaScript
 - **Development Tools:** Git, Visual Studio Code,
 - **Methodologies:** Agile, Test-Driven Development
 - **Database Fundamentals:** SQL, Oracle
-

Education

Algonquin College of Applied Arts and Technology
Diploma in Computer Programming
May 2023 - June 2025

- Coursework includes data structures, algorithms, web development, and object-oriented programming.
 - Engaged in hands-on projects to apply theoretical concepts in practical coding challenges.
-

Professional Experience

Cineplex Entertainment - Concessions Associate
April 2023 - November 2023

- Managed cash transactions with precision, ensuring accurate financial handling and adherence to procedures.
- Maintained clean, organized concession areas and proactively restocked inventory, reinforcing time management and attention to detail.
- Delivered exceptional customer service—developing strong communication skills.

Ottawa Valley Meats - Warehouse Worker

August 2021 - February 2022

- Fulfilled orders and managed inventory using systematic processes; skills that translate to methodical debugging and data management.
- Assisted in coordinating shipments, reflecting a strong work ethic and capability to work under pressure—attributes valuable for software deployment projects.

Shoppers Drug Mart - Cashier/Merchandiser

December 2019 - November 2020

- Enhanced customer service skills by resolving inquiries and handling transactions accurately, showcasing reliability and problem-solving in dynamic settings.
- Learned merchandising techniques that underline the importance of process organization and visual presentation—skills that can aid in designing user interfaces.

Additional Experience

- **Ottawa South United - Soccer Team Member (2017 - 2019):** Built teamwork, collaboration, and leadership skills by contributing to group success and morale.
- **Shepherds of Good Hope - Volunteer (April 2018):** Developed strong interpersonal skills and community awareness through hands-on volunteer work.

Core Competencies & Soft Skills

- **Analytical & Detail-Oriented:** Ensures precision in both code development and financial transactions.
- **Problem Solving:** Proven ability to troubleshoot issues in fast-paced environments.
- **Adaptability & Fast Learner:** Successfully transitioned between varied roles, reflecting readiness to learn new programming languages and technologies.
- **Teamwork & Leadership:** Developed through volunteer work, sports, and customer-facing roles.

Languages

- **English:** Native
- **French:** Proficient
